SWISS FORMULA

cire
aseptine

Cire Aseptine was first created in 1926 in the Cote d'Azur region of France for soothing the hands of women working in agriculture. It was developed by Cooper Cosmetics of Switzerland.

For fifty years, Cire Aseptine was produced in Turkey under the licence of Cooper Cosmetics. In 2015, Cire Aseptine was acquired by Anthemis Cosmetics and the brand has rapidly progressed by developing new products. Cire Aseptine's story continues with renewed and expanding products.

The most important values of Cire Aseptine, which aims to provide the best for women, are naturalness, skin protection, good quality, high performance, pleasure and accessibility. Cire Aseptine, developing all of its products within the framework of these values invites all women to enjoy its natural and patented Swiss formula products.
